FORWARD

This Student Handbook was developed to answer many of the commonly asked questions that students and parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook and keep the Handbook available for frequent reference. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to any administrator, who you will find listed above. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of July 12, 2016. If any of the policies or administrative guidelines referenced herein are revised after July 12, 2016, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's website.

1.1 ELEMENTARY OFFICE HOURS

The office hours during the school year are from 7:45 a.m. to 3:45 p.m. Since there is no supervision before 8:00 a.m., NO STUDENTS should be present unless bused. If it is necessary for students to go to the office with a special request or for information that the classroom teacher is unable to give, the student must obtain a pass from the teacher.

1.2 STUDENT HOURS/LATE START

Students that walk to school are to arrive at school NO sooner than 8:00 a.m. since there is NO supervision.

Grades K-5.....8:45 – 3:10
Tardy Bell Rings at 8:45

Wednesday Late Start.....9:15 – 3:10

No student will be released to a person other than a custodial parent(s) or guardian(s) without a permission note signed by the custodial parent(s) or other legal authorization.

1.3 SUMMER OFFICE HOURS

Summer hours may vary in each building. Please call your school to check on the hours.

1.4 ELEMENTARY VISITATION PROCEDURES

Upon entering the elementary schools, visitors must use the front doors, stop in the office to sign in, and receive a nametag. Volunteers will then be permitted to proceed to the classroom where they will be helping. If visitors are here to pick up or give messages to children, they will be instructed to remain in the office while the secretary contacts the student and has them sent to the office. **NO EXCEPTIONS WILL BE ALLOWED.**

1.5 Equal Education Opportunity

It is the policy of this school corporation to provide an equal education opportunity for all students.

Any person who believes that the Corporation, a school, or any staff person has discriminated against a student on the basis of race, color, national origin, sex (including sexual orientation and transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information, has the right to file a complaint. A formal complaint may be made in writing to the School Corporation's Compliance Officer listed below:

1.6 DISCRIMINATION BECAUSE OF DISABILITY

The River Forest Community School Corporation is committed to the enforcement of the Americans with Disabilities Act (ADA). If any student and/or employee believe that they have been discriminated against because of any disability, they should contact the ADA Coordinator:

Mark Zimmerle
Working Supervisor of
Buildings & Grounds
River Forest Community School Corp.

Any other information concerning the Americans with Disabilities Act may be obtained by contacting the coordinator.

1.7 SPECIAL EDUCATION

Persons with a Disability

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but all individuals who have access to the Corporation's programs and facilities.

The law defines a person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;
- B. Has a record of such an impairment; or
- C. Is regarded as having such an impairment.

The Corporation has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Free and Appropriate Public Education

Students are entitled to a free and appropriate public education in the "least restrictive environment." The School provides a variety of special education programs for students identified as having a disability as defined by the Individual with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School encourages the parent to be an active participant. To inquire about the procedure, a parent should contact Dr. James Thorne at 219-962-2909.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the School, the student, and the student's parent(s). Parents who believe their child may have a disability that interferes substantially with the child's ability to function properly in School, should contact Dr. Jim Thorne at 219-962-2909.

SERVICE ANIMAL

A student's need for and use of a service animal must be addressed in the student's individualized education program (IEP) and or Section 504 Plan. A service animal that meets the definition set forth in Policy 8390 shall be permitted to accompany the student anywhere on the school campus where students are permitted to be; however, the service animal must be at all times under the control of the student or the service animal's handler. The principal will review and determine whether the documentation required by Board policy has been provided for the student's service animal.

1.8 HOMELESS STUDENTS

Homeless students will be provided with access to educational opportunities in the same manner as other students served by the Corporation. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact Dr. Jim Thorne at 219-962-2909.

1.9 SCHEDULING AND ASSIGNMENT

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

1.10 CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a School has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

1.11 CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

The Corporation has an obligation to protect staff and students from non-casual-contact communicable diseases. When a non-casual-contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at School and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

1.12 SAFETY AND SECURITY

- A. All visitors must report to the office when they arrive at school.
- B. All visitors are given and required to wear a building pass while they are in the building.
- C. Staff is expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are "hanging around" the building after hours.

- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. As many unneeded outside doors as possible are locked during the school day.
- F. Portions of the building that will not be needed after the regular school days are closed off.
- G. If a person wishes to confer with a member of the staff, she/he should call for an appointment prior to coming to the School in order to prevent any inconvenience.
- H. Students may not bring visitors to school without first obtaining written permission from the building administrator.
- I. A person is stationed at the main entrance of the building to greet visitors and guide them to the office.
- J. Students are required to carry identification cards with them at all times in school or on school property.
- K. All Corporation employees are to wear photo-identification badges while in Corporation schools and offices or on Corporation property.
- L. The Corporation may utilize video surveillance and electronic monitoring in order to protect Corporation property, promote security, and protect the health, welfare, and safety of students, staff, and visitors.

1.13 FIRE, TORNADO, AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the State.

Safety drills will be conducted one per school year. Teachers will provide specific instruction on the appropriate procedure to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

1.14 INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

1.15 STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals

The staff expects students to arrive at School prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the building administrator.

SECTION 2: ACADEMICS

2.1 CURRICULUM

The elementary school's curriculum provides a strong foundation upon which the child may build a future in education, vocation, and effective membership in society. It takes into account the growing, changing society and ensures that the courses of study are relevant and meaningful. The curriculum areas are reading, writing/grammar, spelling, handwriting, mathematics, social studies, science, health, music, art, and physical education.

2.2 HOMEWORK

Parents can reasonably anticipate that their child will have homework. The following time chart lists minimum suggestions. It is a student responsibility to have their homework each day. Privileges may be lost for non-completion of homework.

2.5 PROMOTION, RETENTION, AND ASSIGNMENT POLICY

The River Forest Community School Corporation is dedicated to providing an appropriate school environment that meets the cognitive, social, emotional, and physical needs of its students to the highest degree possible. Each of the following factors shall be considered in the retention, assignment, or promotion of a child:

- A. Teacher judgment with documented evidence
- B. Grade expectations as compared to grade level

- C. Achievement test scores
- D. Age and physical size
- E. Maturity

PROMOTION

A child will be promoted when he/she has met the grade level standards established by the School Corporation and state requirements.

RETENTION

A child may be retained when he/she has not met the grade level standards established by the corporation. A child may not be retained more than twice in the elementary school and never more than once in any grade level.

Students who fail the IREAD-3 Test are subject to retention unless it is stated in their IEP, ILP, or they have already been retained twice.

ASSIGNMENT

A child is assigned to the next grade level when he/she is not performing at grade level standards but cannot be retained if the following apply:

- A. He/she has repeated the same grade and is still doing unsatisfactory work.
- B. He/she is too old or the physical size would negate the advantage of retention.
- C. Retention would not help the student.

THE DECISION CONCERNING THE PLACEMENT OF A STUDENT RESTS WITH SCHOOL AUTHORITIES.

2.6 TESTING PROGRAMS

Kindergarten: Screening prior to the start of the school year

Grades K-5 (3x/year) NWEA and Benchmark Assessments Reading, Lang. Arts, Math & Writing

While the foregoing tests and results are used to evaluate our system - wide instructional program, there are many other tests, which the staff uses to measure instructional growth in the individual classrooms. If you are in need of additional information or interpretation of any test data, please contact the teacher or principal.

2.7 FIELD TRIPS

Field trips are academic activities that are held off School grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent.

Attendance rules apply to all field trips.

While the Corporation encourages the student's participation in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.

Students who violate school rules may lose the privilege to go on field trips.

SECTION III: STUDENT ACTIVITIES:

3.1 SCHOOL SPONSORED CLUBS AND ACTIVITIES

The school provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain School subject matter.

The School has many student groups that are authorized by the School. It is the Corporation's policy that only authorized groups are those approved by the Board of School Trustees and sponsored by a staff member. Authorized groups include:

- Spell Bowl
- Math Bowl
- Student Patrol
- Student Council
- Co-ed Softball
- Co-ed Basketball
- Co-ed Track
- Cross-Country

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like. These include:

- Garden Club, Girls on the Run

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements.

3.2 NON-SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non-corporation-sponsored organization may use the name of the School or School mascot.

SECTION IV: CONDUCT AND DISCIPLINE POLICIES

4.1 STUDENT DISCIPLINE PHILOSOPHY

The success of the River Forest Community School Corporation hinges upon the quality of student discipline as well as the quality of education and learning. The maintenance of order in a school environment is a prerequisite to learning. The reason for all disciplinary rules is to allow students to learn in a safe and productive environment. This environment relies on the self-discipline of individual students.

However, in those instances where student self-discipline does not meet the school standards, school personnel are authorized to take reasonable actions to restore order and prevent interference with the educational process. These measures must comply with Indiana Code 20-8-1, as amended and other rules and regulations established by individual schools regarding student discipline.

The board recognizes that in the school environment the teacher has the closest relationship with the student and has the primary responsibility for establishing appropriate student discipline in the classroom. Students shall be under reasonable supervision at all times.

Discipline will be administered in a fair and consistent manner with equity for all students. A disciplinary measure will be selected for its effectiveness in modifying the child's behavior. Disciplinary action may include conferences with the student, parents, or the principal; loss of privileges; isolation; appropriate duties around the building; academic assignments related to misbehavior; detention, recommendation for professional counseling; suspension and expulsion.

4.2 VANDALISM

Because such incidents of willful or malicious abuse, destruction, defacing, and theft of the property of the school district are clearly contrary to the best interests of the school district and injurious to the rights and welfare of the entire community, it will be the policy of the board to seek all legal redress against person(s) found to have committed such acts.

Adults who are apprehended can be held responsible for payment for any loss or damage. Parents and guardians of juveniles under the age of 18 are responsible under Indiana law for vandalism caused by their children (I.C. 34-4-31-1). The superintendent and/or designee will institute legal procedures.

4.3 TOBACCO/VAPING

The State Law for students prohibits smoking/vaping. Indiana Law 35-46-1-10.5
Any student smoking on school premises, or having tobacco in any form (this includes chewing of Skoal type products and liquid or solid tobacco extracts) shall receive the following:

First offense: 3-days suspension **Second offense:** 5-days suspension **Third offense:** expulsion.

A person less than eighteen (18) years of age who:

1. Purchase tobacco; or
2. Accepts tobacco for personal use, commits a Class C infraction.

4.4 SUBSTANCE ABUSE POLICY

The River Forest Community School Corporation recognizes that the use of mind - altering substances (controlled substances) also results in negative effects on behavior, learning, and development of the individual.

In order to assist the student, parent, and educator, the River Forest Community School Corporation shall provide building - based RTI teams to inform and aid the student and his/her family. All students returning to school after a semester's expulsion shall be referred to the RTI team.

The River Forest Community School Corporation, therefore, adopts the following policy for all students, K - 12, who attend school in the corporation.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of the school administration and the student and/or the student's parent. The board will take any action deemed appropriate.

Students should neither draw gang symbols on their papers, notebooks, clothing, or skin nor use any hand gestures that are known to be gang symbols.

4.7 BULLYING

The River Forest Community School Corporation will not tolerate bullying of any type that occurs on school grounds immediately before or during school hours, immediately after school hours, or any other time when the school is being used by a school group; off school grounds at a school activity, function or event; traveling to or from school or a school activity, function or event; or using school property or equipment provided by a school.

Bullying means overt, repeated acts or gestures, including:

1. verbal or written communications transmitted
2. physical acts committed
3. any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student.

The Board of School Trustees expects administrators and supervisors to make clear to students that bullying in the school building, on school grounds, on the bus or school sanctioned transportation, or at school-sponsored functions or on school owned computers will not be tolerated and will be grounds for disciplinary action up to and including suspension and expulsion.

Each school principal shall place in their student handbooks rules prohibiting bullying of students and including education, parental involvement, reporting, investigating and intervention.

4.8 STUDENT RIGHTS OF EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material, buttons, badges, or other insignia; and the like. All items must meet School guidelines.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the building administrator twenty-four hours prior to display.

- B. Materials may not be displayed or distributed during passing times between classes. Permission may be granted for display or distribution during lunch periods and/or before or after School in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

4.9 STUDENT SUGGESTIONS AND COMPLAINTS

The School is here to educate and benefit the students. The staff is here to assist a student in becoming a responsible citizen. If a student has suggestions that could improve the School, she/he should feel free to offer them. Written suggestions may be presented directly to the Principal.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns, and grievances may be directed to the Principal.

If the student believes she/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard, the student may file a grievance with the Principal. That grievance will be investigated promptly and findings will be shared with the student. A student may not use the grievance procedure to change a grade.

SECTION V: RULES AND REGULATIONS

5.1 ATTENDANCE PHILOSOPHY AND INTENT

The River Forest Community School Corporation supports the philosophy that the instructional program is a vital part of a formal education. We further believe that it is necessary to require that students attend school a maximum number of days for instructional purposes during each school year. Parents are strongly discouraged from taking students out of school for any reason other than family emergencies. Students are required to maintain a level of attendance, which enables them to meet their responsibilities as learners and teachers to fulfill their obligations to the students. Students and their parents or guardians hold the main responsibility for school attendance and for following the attendance policy. We ask for the cooperation of both students and parents or guardians in these matters so that the student can receive the best education possible.

ATTENDANCE POLICY

PLEASE NOTE THAT EACH DAY OF A VALID ABSENCE WILL COUNT TOWARD AN 8-DAY ABSENCE LIMIT PER SEMESTER.

The following circumstances will count toward the 8-day absence limit per semester. These circumstances include, but are not limited to:

- Illness in cases where the student is sent home by the school nurse or an administrator.
- Medical, dental, and orthodontics appointments. We encourage parents to make appointments outside of school hours. (For appointments made during school hours, students are expected to attend school before and/or after the appointment. Example: Appointment is at 9 am and is concluded by 10 am. The student would be expected to attend school until time to leave for the appointment and to return to school after the appointment is concluded at 10 am.)
- Emergency illness in the family (e.g., father/mother taken to the hospital)
- Prearranged vacation and/or extended religious observance, which must be pre-approved by the principal at least 30 days before departure.
- The principal must approve “Take Your Child to Work Day” at least one week prior to the date of absence.

- Students who have 4 or more consecutive days of absence may be required to have a physician's note in order to be readmitted to school
- See tardy paragraph below.

The following special circumstances will not count toward the 8-day absence limit per semester:

- Student participates in school-related activities or educational trips approved by the principal and/or superintendent.
- Subpoenaed court attendance. A copy of the subpoena must be submitted to the school at least 24 hours before the absence.
- Student is quarantined due to exposure to a contagious disease. (Pediculosis or head lice – 2 consecutive days of absence ONLY) Families that present with a chronic problem will be referred to Lake County Dept. of Family and Children.
- Death or funeral of member of the household or immediate family.
- Student serves as a Page in the Indiana Legislature
- Elementary Students may be excused from school to work at the election polling places.
- All suspensions and expulsions are considered excused absences and shall be conducted in accordance with Indiana Due Process Procedures.

STEPS TO FOLLOW WHEN ABSENT

1. Parents must call the school every day that the student misses school by 10:00 a.m. Failure to do so may result in school personnel calling the student's residence and/or guardian to verify the absence. The school's telephone number is 219-962-1103/Meister or 219-962-1608/Evans.
2. When your child returns to school from any absence, you must send a note from home to the main office. The **note should contain**:
 - ✓ Date(s) student was absent
 - ✓ Reason for absence
 - ✓ Parent's signature
3. A sign-in/out register is located in the Main Office. When visiting the school nurse or leaving school grounds for any reason, permission to sign out must be obtained from school personnel. If a student returns to school the same day, he/she must sign in before attending classes.
4. Funeral-Student should present memorial card from funeral home, or letter from funeral director indicating situation.

CONSEQUENCES OF ABSENCE

- **Seven (7) days absent**: Parent will receive letter from school.
- **Nine or more days absent**: May include all or any of the following:
 - Home visit from school personnel
 - Referral to Lake County Prosecutor's office/**Lake Station Truancy Court**

- Legal notices
- Requirement of Certificate of Incapacity form from physician

- Any absence over the eight day limit: each and every absence will require a doctor's note

5.2 TARDINESS

A student is considered tardy if they are not in class by 8:45 a.m. (9:15 on Wednesdays). Every effort should be made to have students at school on time. Being in school "on-time" is a priority for the River Forest Community School Corporation. **Every third (3rd) tardy is equal to one (1) day of absence,** which will count towards the 8-day limit per semester. This does not include any consequence imposed by each individual school (i.e. loss of recess, detention, etc.). *Excessive tardiness may result in notification to legal authorities.*

5.3 ENROLLMENT POLICY

All school-age children who live in the district with parents or a legal guardian shall be admitted to the public schools of River Forest. In order for a child to enroll in the River Forest Community School Corporation, the parent/ guardian must complete an information sheet provided by the school office. After this information is provided, school officials will verify the following information:

Acceptable proofs of residency include a current utility bill or notice to initiate service, mortgage or rent statement and a lot/lease bill. If the parent/guardian is living with someone, proof of residency must be shown in that person's name along with a notarized letter/affidavit supporting residency.

- Birth Certificate - or similar document

In some cases, a temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit fro that school. The school secretary will assist I obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the Corporation Liaison for Homeless Children with regard to enrollment procedures.

EXCEPTIONS

Students in elementary school must attend the school within their residential boundary. Parents/guardians who have a specific reason to request an exception to this policy must file such a request with the principal of the elementary school district in which they reside. The final decision rests with the Superintendent. A decision to grant an exception to attendance boundaries will depend upon the class size and other factors. TRANSPORTATION ARRANGEMENTS CANNOT BE PROVIDED.

5.4 PRE - ENROLLMENT

5.7 TRANSPORTATION (IC 20-9.1-5-19)

All students in grades K-5 who live within busing areas are provided free transportation to and from school. Students who are assigned to ride school buses must have a note from home and signed by the principal or designee before they may ride another school bus or walk home.

Transporting children is of much concern to us. Doing so safely is of primary importance. It must be remembered that the bus driver's job is one of great responsibility, and he/she needs the complete cooperation of the passengers - for safety's sake.

Listed below are the more obvious rules, which should be discussed by parents and students. However, this list is not all-inclusive. Any activity that would be considered dangerous for the children or the driver could result in the loss of bus privileges.

5.8 BUS RULES/SUSPENSION OF BUS PRIVILEGES

1. Students should not have open food, gum, or drinks.
2. Students should not engage in any behavior that is harmful to another student such as fighting, hitting, tripping, name-calling, etc.
3. Students should not throw any objects on the bus, in, or out of the windows of the bus.
4. Students should be seated immediately after boarding the bus and remain seated at all times until the bus comes to a complete stop. Students should stay in assigned seats and not switch seats at any time without the permission of the bus driver.
5. Students should speak in soft voices so as not to distract the driver. Profane language will not be tolerated.
6. Students should not smoke on the bus. Lighters, matches, or other related items should not be brought onto the bus.
7. Students must have a note signed by a parent/guardian to ride another bus. This practice should be used for emergency supervision situations only. Please keep it to a minimum.
8. Students should not open or close windows or doors without the permission of the bus driver.
9. Students should be waiting at the bus stop when the bus arrives.

10. Students' behavior on the way to the bus stop, at the bus stop, and on the way home from the bus stop falls under the jurisdiction of the school. Inappropriate behavior will result in the suspension of, and possibly the loss of, bus privileges.
11. Upon the recommendation of the bus driver, school authorities will deny the privileges of riding the bus to any student who refuses to conduct himself/ herself in an acceptable manner.

STUDENT CONDUCT ON SCHOOL BUSES

The bus driver will have the responsibility to maintain orderly behavior of students on school buses and will report misconduct to the student's principal.

Buses carrying school children will be considered as extensions of the school situation, and any pupil whose conduct on a school bus is improper or jeopardizes the safety of other pupils may have his privilege to school bus transportation suspended for such period of time as may be deemed proper by the school principal. Uniform rules of conduct and disciplinary measures will be enforced.

Installed on each school bus will be a video box that may contain a video camera for assisting the transportation drivers monitoring student behavior. The transportation driver, building principal and assistant to the superintendent will review disruptive and/or dangerous student behavior, which has been identified through video monitoring.

Parents of children whose behavior and misconduct on school buses endangers the health, safety and welfare of other riders will be notified that their children face the loss of school bus riding privileges as well as suspension and/or expulsion in accordance with the student discipline code and state statute.

SUSPENSION OF TRANSPORTATION PRIVILEGES

THE FOLLOWING INAPPROPRIATE BEHAVIOR MAY RESULT IN A MINIMUM 3-DAY SUSPENSION OF BUS PRIVILEGES:

- Physical harm or threat of physical harm to the bus driver
- Failure to give a correct name
- Damage of school property, including any part of the bus
- Refusal to obey the driver

- Throwing objects from, or onto the bus through windows, doors, etc.
- Additional offenses will result in longer suspension of bus privileges or loss of all bus privileges.

5.9 BASIC SCHOOL RULES

The following examples of unacceptable school behavior will result in disciplinary action ranging from an initial conference and hearing to suspension from school, depending on the severity and frequency of the violation. This list is not to be considered all-inclusive, and students and parents should be aware that any activity/behavior, which could be disruptive to the school environment, could result in disciplinary action in accordance with Indiana Law and School Board Policy (see Sec. 2.1, 2.3):

11. The items named below are examples of things that are not to be brought to school. They take up space, can be stolen, and are distractions to the educational process. Students who bring such items to school will have those items impounded. The school will work with the parent on how such items are to be returned to the home.  - Electronic Games
 - Skateboards
 - Roller blades
 - Heelies
 - Hover Boards

A student's school day starts the moments the child enters the building.

The student may be issued an administrative detention for violating the policy.

- Students are responsible for picking up their lunch tray, and going to their table.
- Students should speak as they would in normal conversation. Yelling and shouting will not be tolerated.
- Students should not exchange, share, or throw food.
- Students should not leave their seats without the permission of the cafeteria supervisor.
- Students should not take any food or drinks from the cafeteria.
- Students should be dismissed only under the direction of the cafeteria supervisor.
- Students, including those eating both hot and cold lunches, are responsible for keeping their table area clean. Floors and tables should be as clean as possible upon leaving the cafeteria.
- After leaving the table, students should take their trays to the dirty dish window, put their paper products in the garbage can, place silverware in the silverware tray, and line up or leave quietly.
- Students should not bring carbonated beverages, such as pop, for lunch. Drinks should not be in glass containers or cans.
- Gum is not allowed in the cafeteria or anywhere on the school grounds.

**SUPERVISING LARGE NUMBERS OF CHILDREN IN THE LUNCHROOM AND ON
THE PLAYGROUND IS THE RESPONSIBILITY OF THE SUPERVISORS
AND REQUIRES THE COOPERATION OF ALL STUDENTS.**

5.12 TORNADO DRILLS/MAN-MADE DRILLS

Tornado drills are conducted at least two times a year. A plan for each room is given to the teacher. When the signal is given, all students immediately stand and proceed to their assigned wall areas in the hallway. There should be no talking or running. Students should get down on their knees and cover their heads with a book or their hands to protect themselves. They will remain in this position until the all-clear signal is given.

5.13 FIRE DRILLS

Fire drills are conducted on a monthly basis throughout the year. A plan for each room is given to the teacher. When the signal is sounded, all students immediately stand and proceed out of the building to their designated areas. There should be no talking or running. Students remain outside until the all-clear signal is given.

SECTION VI: HEALTH SERVICES

6.1 MISSION STATEMENT

The Health Services Team at River Forest Community School Corporation is dedicated to the care and well-being of our students. Our mission is to support student health and enable students to feel safe and cared for while at school. We believe that this supports excellence in the classroom and contributes to healthy habits that will last a lifetime.

6.2 HEALTH REFERRALS

Students injured or sick at home **before arriving** to school should be treated by their parent(s)/guardian.

If a student becomes ill during the school day, the student must request permission from the teacher to go to the nurse's office. The teacher will provide a health referral to the student. (The student is not to come between classes unless there is an emergency.) In the case where the school nurse or nurse assistant is not available, the student is to report to the main office, where the principal or principal's designee will assist the student. Students are not allowed to contact home when they are ill without permission. Students who remain in restrooms claiming illness are considered truant. Should a student become ill in the restroom, he/she should have someone notify the office for help.

6.3 ILLNESS

Students will be sent home if needed when they become sick at school. If a child becomes ill with a fever of one hundred (100) degrees or greater, vomiting, or diarrhea, or has a possible contagious condition, the parent or emergency contact must pick the child up from school. The student must be signed out in the main office. For safety reasons, students cannot walk home alone. The student who fails to follow procedure and leaves without properly checking out will be subject to disciplinary action.

Students will be allowed to return to school when they have been fever free without the use of fever reducing medication for twenty-four (24) hours. If the student is sent home with vomiting and diarrhea, they must be free of all symptoms for twenty-four (24) hours, or they must submit a note from their physician stating that they are not contagious.

Five or more consecutive days of absences may require a Doctor's release form for return to school/school activities. When your child is hospitalized, a discharge form from the hospital or a Doctor's release must be submitted to the office. See attendance section for further information.

It is the parent/guardian's responsibility to keep the school informed regarding any health concern that may need special consideration in the student's activities or education. In addition, student information must be accurately completed and kept updated with the school; medical needs/concerns, phone numbers, addresses, emails, etc.

6.4 IMMUNIZATIONS

Students must provide documentation that complies with the rules set forth by the Indiana State Board of Health that all immunizations required by law are current, including, but not limited to diphtheria, pertussis, tetanus, measles, rubella, poliomyelitis, mumps, varicella, hepatitis A, hepatitis B, and meningitis, or have an authorized exemption from State immunization requirements. From time-to-time, other communicable diseases may be designated by the State Board of Health as diseases that require immunizations. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a communicable disease epidemic regarding required immunizations, the Superintendent may temporarily deny admission to a student otherwise exempted from the designated disease lacking the information. Any questions about immunization or exemptions should be directed to the school nurse's office. Exemption forms must be completed every year. Please contact your healthcare provider for further information.

Information concerning meningococcal disease (meningitis) and its vaccine, shall be provided to students and parents at the beginning of the school year. This information can be obtained from the school website or you may request a copy from your school nurse.

The parent of each student entering grade 6, shall be provided with information prescribed by the State Department of Health concerning the link between cancer and the Human Papillomavirus (HPV) infection and that an immunization against the HPV infection is available. This information can be obtained from the school website or you may request a copy from your school nurse.

6.5 ACCIDENTS

All injuries must be reported to a teacher, other school employee or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

6.6 MEDICATION/TREATMENT

In the circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- a. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- b. The Authorization to Administer Prescription/Non-Prescription medication form must be completed and filed with the respective Health Office before the student will be allowed to begin taking any medication during school hours.
- c. All medications must be registered with the office of the nurse. Prescription medication must be in its original container, labeled with the student's name and the exact dosage.

- d. Medication that is brought to the office will be properly secured. Medication MAY NOT be sent to school in a student's lunch box, back pack, pocket, or other means on or about his/her person, except for emergency medications. In this case, the school needs to be notified that the emergency medication was sent.
- e. Students who may require administration of an emergency medication may have such medication stored in the nurse's office. However, if authorization for self-medication has been provided by the parent and physician the student may retain possession of the self-administered medications.
- f. Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of the School year. For grades K-8, medication may be released only to the student's parent or to an individual who is eighteen (18) years of age or older and who has been designated, in writing by the student's parent to receive the medication. For grades 9-12, medications may be sent home with the student if the student's parent provides written permission for the student to receive the medication.
- g. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- h. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.
- i. Treatments such as diabetic care, tracheal suctioning, etc. requires written authorization from a physician AND the student's parent.

SELF ADMINISTERED MEDICATION

A student may possess and self-administer medication for chronic disease or medical conditions provided the student's parent files a written authorization with the nurse. The written authorization must be filed annually. A physician's written statement or a pharmacy prescription must be included with the parent's authorization.

- A. An acute or chronic disease or medical condition exists for which the medication is prescribed.
- B. The student has been given instruction as how to self-administer the medication.
- C. The nature of the disease or medical condition requires emergency administration of the medication.

NONPRESCRIBED (OVER-THE-COUNTER) MEDICATIONS

Parents may authorize the school to administer a non-prescribed medication using a form which is available at the school office. A physician does not have to authorize such medication but all of the other conditions described above under Prescribed Medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

If a student is found using or possessing a non-prescribed medication without parent authorization, he/she will be brought to the school office and the parents will be contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug use provisions of the Code

6.7 HEAD LICE

When there is suspicion of head lice, that student will be checked by the school nurse, nurse assistant or trained designee. Any student found to have live lice bugs or nits will be sent home immediately. If the parent is not available, a person on the emergency contact list will be notified. **NO STUDENT FOUND WITH HEAD LICE WILL BE PERMITTED TO RIDE THE SCHOOL BUS HOME OR TO SCHOOL UNTIL CLEARED FROM THE NURSE, NURSE ASSISTANT OR DESIGNEE.**

A student must be lice/nit FREE in order to return to school. The parent must return with the student and wait for the student to be checked by the school nurse, nurse assistant or designee. This way, if the student is not cleared, he/she has a way to return home. School personnel are not required to remove nits nor will parents remove nits in the nurse's office. If a student has a Doctor's note to return to school, he/she must still be checked by the nurse, nurse assistant, or designee.

6.8 MEDICAL RECORDS

Each student's medical records are computerized. These records consist of the student's medical history including, but not limited to, special alerts/needs, immunizations, allergies and medications. Principals, teachers and support staff may have access to these computerized records. Due to the nature of confidentiality, if you do not want your child's medical records accessible, the school needs to be informed in writing immediately.

Immunization data is reported electronically through the use of the immunization data registry called "CHIRP". CHIRP is the Indiana State Department of Health's Children and Hoosier Immunization registry. River Forest Community School Corporation needs a consent form signed by the parent/guardian. This form needs to be signed only once when the student enrolls in the corporation.

SECTION VII: MISCELLANEOUS INFORMATION

7.1 BOOK RENTAL

All students are required to pay a rental fee for textbooks. This fee provides for all basic textbooks, consumable workbooks, testing materials and supplementary materials.

Since schoolbooks must be used for several years, students must take great care at home and at school. Students are responsible for all books issued to them and will be subject to a fee if any book is lost or damaged.

BOOK RENTAL IS PAYABLE THE FIRST WEEK OF SCHOOL. The school offices are open two weeks before the opening of school to collect book rental fees. In the case of an established inability to pay fees and/or book rental at the time they are due, the principal may extend the due date to meet the needs of individual cases. Legal action shall be initiated to collect unpaid textbook or materials fees.

Kindergarten book rental – \$90.00

Grades 1-5 book rental – \$95.00

*Any changes to be set and approved by School Board

In addition to the book rental fees, a \$5.00 assembly and a \$5.00 technology fee is payable. These fees also apply to those students on free or reduced lunch.

7.2 CAFETERIA

Each elementary school offers students a well-balanced breakfast and hot lunch program at a reasonable cost. Menus are sent home on a monthly basis.

Using the facilities of the cafeteria is a privilege. All students eating in the cafeteria must obey the rules.

7.3 FINANCIAL ASSISTANCE

In order to expedite matters regarding financial assistance in the areas of textbook rental and lunches, please pick up and complete the application form. Return them to the school office the first week of school.

7.4 CARE OF THE SCHOOL BUILDING

Students should take pride in their school's appearance and maintain it as if it were their home. They should do their part to keep the classrooms including desks, corridors, washrooms, and the cafeteria as clean as possible. Paper and other refuse needs to be placed in the appropriate containers.

7.5 DRESS CODE

Dress plays an important part in developing attitudes for neatness and respect. We prohibit clothing that depicts illegal, obscene, violent, or inappropriate behaviors. Children may not wear clothing advertising tobacco, alcohol, or drug related products. The type of clothing worn to school has a definite effect on the attitude, conduct, and work habits of the student. We do insist that students not call undesirable attention to themselves through an immodest or unkempt appearance. Courts have ruled that any appearance that: (1) creates a disturbance, (2) causes amusement or laughter, (3) provokes looks or a stare, (4) is lewd and suggestive shall not be allowed in the public schools. Tube tops, crop tops, tank tops, halter tops, bicycle shorts, spandex shorts, baggy pants that drag the ground, (pants are to be worn at the waste with a belt) pajamas and undergarments, which are worn as outer garments, are not appropriate. Shower thongs are not allowed as foot wear. Walking shorts, jams, Bermuda shorts, mini skirts, etc. of appropriate length (three inches below the tip of the fingers) and not tight fitting may be worn. Gym/sport shorts, cutoffs, swim suits or shorts with extreme side slits are not to be worn.

Clothing with obscene markings, clothes, which show bare midriff, and clothes that are extremely ragged, stained, or dirty are not acceptable attire. The building principal will make a decision as to its acceptability.

Hats may be worn to and from school, but they may not be worn inside the school at any time.

Starter jackets are not encouraged to be worn.

1. When students are not dressed properly, calls will be made home.
2. If no clothes can be found or no one is home, substituted clothes will be found.

The wearing of any clothing, jewelry, or any other items that are related to gang symbols is strictly prohibited. Suspension and possible expulsion from school will be the result. (See also 2.5)

7.6 BAD WEATHER

All schools in the River Forest Community School Corporation will be open on all regularly scheduled days unless closed by the Superintendent of schools because of an emergency. When schools are confronted with an emergency, such as extreme conditions of snow, ice, or mechanical failure which necessitates the closing

of school, an announcement will be given to the radio stations prior to 6 a.m. Emergency closings or early dismissals during the day will be announced via radio as soon as possible. The following stations will be notified:

Indiana 105.5	FOX 32	1500 AM WAKE	Z-107.1 FM
WGN – TV	Lakeshore Public TV		CBS Channel 2
NBC Channel 5	ABC Channel 7		

Emergency Closings are based upon information obtained from the Indiana State Police, Lake County Highway Department, Lake County Sheriffs Office, State Highway Department, and the Weather Bureau. Your child should know what to do when no one is at home when school dismisses early. Please set up alternatives in advance with friends, relatives, or neighbors. Be sure your child knows what to do if the first alternative does not work out. Remember to allow for the wind chill factor when dressing for bad weather.

7.7 CHANGE OF ADDRESS, TELEPHONE, OR EMERGENCY NUMBERS

If a student moves within his own neighborhood during the school year, he/she should promptly report the change of address and telephone to the office. In addition, emergency numbers should be updated in the school office if they change during the year

7.8 EXTRA-CURRICULAR ACTIVITIES

There are many extra-curricular opportunities in our elementary schools. They may include after school recreation activities and intramurals.

Some teachers serve as sponsors of these activities. They will announce which clubs; groups and activities will be available at the beginning of the school year.

All Elementary Athletic Teams will inform parents that playing time is not guaranteed for any student-athlete. Our goal is to get everyone in the activity, but due to numbers, it is not always feasible and is a coach's decision. Parents on the game day/night are not to interrupt the coaches/administrators before, during, or after the game on this issue or interrupt classroom instruction on this issue. They need to see school officials at an appropriate time and make an appointment.

The teacher/sponsor will be responsible for the rules the students will follow:

1. Permission from student's parents will be needed for the students to participate in activities held after school.
2. All students should be in their meeting place by 3:15, not in the halls.
3. All students should have a way home; no teachers should be expected to take students home.
4. Siblings and friends of students participating in after school activities may not stay at school during practices.
5. If a child is absent a full day, he/she may not participate in after school activities for that day.

7.9 ATHLETICS/EXTRA-CURRICULAR PARTICIPATION POLICY

River Forest Community Schools tries to include all eligible students who are interested in athletics and extra-curricular activities. We believe that participation in athletics and extra-curricular activities is

beneficial to a child not to only learn athletic skills, but social skills such as teamwork, cooperation and self-discipline. However, we also believe that the most important learning occurs daily in the classroom and that students should exhibit appropriate behavior not only during the extra-curricular events, but also during the course of the regular school day. Therefore, this policy has been established for student participation in athletics and extra-curricular activities:

1. Once a week during the course of the season, a roster of team members will be circulated to classroom teachers. Each student will be evaluated by the regular classroom teacher the student has during the course of the regular day. The student will be given an O.K., a warning, (he/she will be marked "NO" next time if the situation does not improve by the following week) or a "NO" (with comments) in the areas of behavior and academic work. A "NO" may be given for inappropriate classroom behavior, not completing classroom/homework or lack of progress/effort.
2. Music, Art, P.E. teachers and Title I staff members will notify the Principal if they feel any student should receive a "NO" for any of the above reasons. Special Education teachers and the Principal will be included on the list that is circulated to the classroom teachers.
3. If any student receives a "NO" from any of his/her teachers for the week, the student will be suspended from games and practices for the extra-curricular activity. A Notice of Athletic/Extra-curricular Suspension will be sent home to parents to be signed and returned. Failure to return this notice will result in removal from the team.
4. If a student receives a "NO" during the season from any of his/her teachers (does not have to be the same teacher), the student may be removed from the team or not allowed to participate in the activity. A student may also be immediately removed from the team for disciplinary reasons.
5. A student who has been removed from an athletic team may participate in the next sport that is offered.
6. Students who do not follow the coach's rules are subject to the same consequences as in Numbers 3 and 4 above.
7. Students who are to remain for detention after school or are being kept for correctives will participate in practice that day only if time remains after detention or correctives.

This policy covers all athletics and extra-curricular activities at River Forest Community Elementary Schools.

7.10 LOST AND FOUND ARTICLES

Unclaimed or found items are turned in to a designated area. If your child should lose a hat, glove, sweater, etc., encourage him/her to check the LOST AND FOUND items. All outer garments, personal items, lunches, and lunch boxes should be clearly marked with the name of the student. Lost and Found articles can be searched to identify the owner.

7.11 VISITATIONS

In order to maintain an uninterrupted educational day for all students, parents are asked to telephone the school office to make an appointment before a class or school visitation. Parents should stop at the school

office upon arrival in the building to sign in and receive a visitor's pass. When the visitation is completed, parents are to stop in the office and sign out.

Parents MAY NOT visit with teacher during times when students are under the teacher's direct supervision. Parents MAY visit classrooms for up to ½ day a semester with prior permission from principal.

7.12 PTA/PTO

Each elementary school has an active PARENT-TEACHER organization. Parents are encouraged to participate. Each elementary organization will announce its schedule of meetings and events at the beginning of each year. These meetings are planned to interest and assist parents.

7.13 RECESS

Fresh air and outdoor exercise are important to strong/healthy children. Therefore, we urge parents to see to it that children are suitably dressed with necessary boots, hats, gloves, etc., so that they may play outside during the winter months. Students who go outside for recess are more alert than students who stay inside all day. All students will be sent outdoors during recess periods and the noon hour to participate in the school planned activity programs when weather and health permit.

7.14 STAYING INSIDE

Children who are ill should be kept at home. Requests to stay inside for more than three days should be accompanied by a note from the doctor. Most of the time, if a child is well enough to go to school, he/she is well enough to go out for short periods of time. The weather conditions are monitored to determine appropriate time for outdoor play.

7.15 SUPPLIES

Children in all grades will be given a list of supplies they will be expected to furnish. These supplies should be refurbished throughout the school year when needed.

7.16 WITHDRAWAL FROM SCHOOL

Parents or guardians wishing to withdraw a student from school need to call school AT LEAST THREE DAYS IN ADVANCE of the withdrawal. Parents or guardians will need to come to school to pick up the transfers and sign necessary forms. ALL BILLS OWED TO THE SCHOOL MUST BE PAID. If a student re-enrolls, any previous outstanding debts MUST BE PAID.

7.17 BICYCLES

If a student has permission to ride a bicycle to school, he/she must park it in the designated area. After a bike is parked, the only time it should be used is after school. All students riding bicycles to and from school should adhere to traffic regulations. Students who ignore bicycle regulations will lose the privilege of riding their bicycle to school. We highly recommend that students have locks for their bicycles, as the school corporation assumes no responsibility for stolen or damaged bicycles.

7.18 RIVER FOREST COMMUNITY SCHOOL CORPORATION Policy on District-Provided Access to Electronic Information, Services and Networks (Internet)

Freedom of expression is an inalienable human right and the foundation for self-government. Freedom of expression encompasses the right to freedom of speech and the corollary right to receive information. Such rights extend to minors as well as adults. Schools facilitate the exercise of these rights by providing access to information regardless of format or technology. In a free and democratic society, access to information is a fundamental right of citizenship.

In making decisions regarding student access to the Internet, the River Forest Community School Corporation considers its own stated educational mission, goals and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables students to explore thousands of libraries, databases, bulletin boards and other resources while exchanging messages with people around the world.

The district expects that faculty will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. As much as possible, access from school to Internet resources should be structured in ways, which point students to those, which have been evaluated before use. While students will be able to move beyond those resources to others that have not been previewed by staff, they shall be provided with guidelines and lists of resources particularly suited to learning objectives.

Outside of school, families bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media.

Students utilizing district-provided Internet access must first have the permission of and must be supervised by the River Forest Community School Corporations professional staff. Students utilizing school-provided Internet access are responsible for good behavior on-line just as they are in a classroom or other areas of the school. The same general rules for behavior and communications apply.

The purpose of district-provided Internet access is to facilitate communications in support of research and education. To remain eligible as users, students use must be in support of and consistent with the education objectives of the River Forest Community School Corporation. Access is a privilege, not a right. Access entails responsibility.

Users should not expect that files stored on school-based computers would always be private. Electronic messages and files stores on school-based computers may be treated like school lockers. Administrators and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly.

The following uses of school-provided Internet access are not permitted:

- to access, upload, download or distribute pornographic, obscene or sexually explicit materials;
- to transmit obscene, abusive, or sexually explicit language; to violate any local, state, or federal statute;
- to vandalize damage or disable the property of another individual or organization;
- to access another individual's materials, information, or files without permission;
- to violate copyright or otherwise use the intellectual property of another individual or organization without permission; and
- to purchase materials or items from the Internet without a purchase order.

Any violation of District policy and rules may result in loss of district-provided access to the Internet. Additional disciplinary action may be determined at the building level in keeping with existing procedures

and practices regarding inappropriate language or behavior. When and where applicable, law enforcement agencies may be involved.

The River Forest Community School Corporation makes no warranties of any kind, neither expressed nor implied, for the Internet access it is providing. The district will not be responsible for any damages users suffer, including--but not limited to--loss of data resulting from delays or interruptions in service.

The district will not be responsible for the accuracy, nature or quality of information stored on district diskettes, hard drive or servers; nor for the accuracy, nature or quality of information gathered through district-provided Internet access. The district will not be responsible for personal property used to access district computers or networks or for district-provided Internet access. The district will not be responsible for unauthorized financial obligations resulting from district-provided access to the Internet.

Parents of students in the River Forest Community School Corporation shall be provided with the following information:

The River Forest Community School Corporation is pleased to offer its student's access to the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for life-long learning.

Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet, which could result in unwanted financial obligations for which a student's parent or guardian would be liable.

While it is the intent of the district to make Internet access available in order to further educational goals and objectives, students may find ways to access other material as well. Even should the district institute technical methods or systems to regulate students Internet access, those methods could not guarantee compliance with the districts acceptable use of policy. That notwithstanding, the district believes that the benefits to students having access to the Internet exceed any disadvantages. Ultimately, however, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Toward that end, the River Forest Community School Corporation makes the districts complete Internet policy and procedures available on request for review by all parents, guardians and other members of the community; and provides parents and guardians the option of requesting for their minor children alternative activities not requiring Internet use.

NOTICE: This policy and all its provisions are subordinate to local, state and federal statutes.

The principal will provide the parent access to the survey/evaluation within a reasonable period of time after the request is made.

7.21 PARENT/COMMUNITY CIVILITY

Civility does not deprive any person of his/her right to freedom of expression, but serves only to maintain, to the extent of possible and reasonable, a safe, harassment-free workplace for students and staff. River Forest Community School Corporation encourages positive communications, but will not tolerate volatile or hostile actions and/or abusive language by any student, parent, or guardian.

Any person who disrupts or threatens to disrupt normal school day or school related events; threatens the health and safety of anyone through harassment; willfully causes property damage; uses offensive language or uses any form of social media to be offensive; acts in a rude or disrespectful manner; or who otherwise establishes a continued pattern of unauthorized entry on school property, will be dealt with either according to the student disciplinary procedures, or if an adult, will be asked to cease such behavior or be directed to leave school property. If any person uses obscenities or speaks in an abusive manner, the administrator or employee to whom the remarks are directed will politely request that person to communicate in a courteous manner. If the person does not take corrective action, the employee will verbally notify him/her that the meeting, conference or telephone conversation is terminated and will refer the person to the building principal or designee. For students, appropriate disciplinary action will be taken according to the school handbook. For persons other than corporation students, the Superintendent or designee will inform the person that he/she will not be allowed on school property for an amount of time determined by the administration.
