Welcome to River Forest Middle School

August 2016

Dear Parents and Students,

Welcome to River Forest Middle School! It's an honor to serve as your principal and I cherish the trust that you have instilled in me to help educate your children. It is my belief that the middle years of a child's education are the most vital to determining long term success as an adult. All of the staff at RFMS are committed to the success of every child. We recognize that for many students, this is their first venture away from their neighborhood elementary school. I am here to reassure all parents that this transition will be handled with the care and compassion that your child deserves. For our eighth grade students, you are at the final stage of your journey before high school. Throughout this school year, we will help guide you in the best direction for whichever career path you eventually choose.

River Forest Middle School uses a team approach to middle school education in order to help students build relationships, cooperate with others, and learn the skills necessary to compete in the 21st century.

You are an essential component to our school's mission. I welcome your feedback and respect your beliefs on what makes a great school. My personal mission is to build a foundation of trust through transparency and dialogue to help make River Forest Middle School the best school in Lake County.

Please take time to read this handbook with your child, as many of the school's policies and procedures are contained within. This handbook has been extensively updated to reflect changes in state and local policy. If you have any questions, please do not hesitate to contact me.

Once again, thank you for trusting me with your child, and I look forward to many successes this upcoming school year!

Ingot Pride,

Randall J. Horka
RFMS Principal

General Information

Non-Discrimination Policy:

River Forest Community School Corporation is committed to equal opportunity and does not discriminate on the basis of age, race, color, sex, handicapping conditions, or national origin including limited English proficiency, in any employment opportunity as required by the Indiana Civil Rights Act (I.C. 22-9-2) I.C. 20-8.1-2, Titles VI and VII of the Civil Rights Act of 1964, the Equal Pay Act of 1973, Title IX (1972 Educational Amendments), and Section 504 of the Rehabilitation Act of 1973. No person is excluded from participation in, denied benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or student activity.

The non-discrimination policy applies to students' access to courses and programs, athletics and physical education, guidance and counseling, vocational programs, financial assistance, remuneration, and other matters related to personnel.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to Assistant Superintendent, Dr. James Throne, of the River Forest Community School Corporation, 3334 Michigan Avenue, Hobart, Indiana, 46342. Any other information concerning the above policies may be obtained by contacting RFCSC Central Office.

Acceptable Use Policy:

River Forest Community School Corporation offers students' access to the Internet. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services which could result in unwanted financial obligations for which a student's parent/guardian would be liable. Ultimately, parents/guardians of minors are responsible for setting and conveying the standards their children should follow when using media and information sources. Toward that end, the River Forest Community School Corporation Acceptable Use Policy is available on the NPUSC web site or from any school office upon request for review by all parents/guardians and other members of the community. This policy requires yearly signed acceptance of the terms and conditions of the Acceptable Use Policy by the student and the parent/guardian before any student is allowed access. Students who misuse the Internet and computer services will be disciplined and may be expelled. Students whose access to the network is terminated because of policy violations will be charged a \$50.00 reconnect fee each time.

Policy Statement:

The River Forest Community School Corporation Board of Trustees recognizes that a written document cannot provide for all contingencies that could or might occur during the course of a school year any more than it can anticipate every eventuality that might arise in any of the areas covered in this handbook. Therefore, the River Forest Community School Corporation Board of Trustees authorizes the school administration to take the appropriate action when dealing with items, issues and situations, etc. not outlined in this handbook, and in doing so, apply any reasonable and appropriate disciplinary measures when needed.

Injury and Illness:

All injuries must be reported to a teacher, other school employee or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents. A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or

not the student should remain in school or go home. No student will be released from school without proper parental permission.

CIVILITY:

Civility does not deprive any person of his/her right to freedom of expression, but serves only to maintain, to the extent of possible and reasonable, a safe, harassment-free workplace for students and staff. River Forest Community School Corporation encourages positive communications, but will not tolerate volatile or hostile actions and/or abusive language by any student, parent, or guardian.

Any person who disrupts or threatens to disrupt normal school day or school related events; threatens the health and safety of anyone through harassment; willfully causes property damage; uses offensive language; acts in a rude or disrespectful manner; or who otherwise establishes a continued pattern of unauthorized entry on school property, ~~will~~ may be dealt with either according to the student disciplinary procedures, or if an adult, ~~will~~ may be asked to cease such behavior or be directed to leave school property. If any person uses obscenities or speaks in an abusive manner, the administrator or employee to whom the remarks are directed will politely request that person to communicate in a courteous manner. If the person does not take corrective action, the employee ~~will~~ may verbally notify him/her that the meeting, conference or telephone conversation is terminated and will refer the person to the building principal or designee. For students, appropriate disciplinary action ~~will~~ may be taken according to the school handbook. For persons other than corporation students, the Superintendent or designee ~~will~~ may inform the person that he/she will not be allowed on school property for an amount of time determined by the administration.

RIVER FOREST MIDDLE SCHOOL GRADING SYSTEM

COURSE CREDIT

Academic achievement is very important and promotion to the next grade level is not guaranteed. One point is assigned for each core course (English, Math, Science, Social Studies, and Reading) a student passes with a D or higher. A 6th grade student can obtain a maximum of 20 points. 7th and 8th grade students can obtain a maximum of 16 points. Less than 15 points for 6th grade students and less than 12 points for 7th and 8th grade students may result in retention at the present grade level. Summer school and/or credit recovery (for a fee) will be offered to obtain missed points in order to prevent retention.

AFTER SCHOOL POINT RECOVERY

Students who are point deficient or are in jeopardy of losing a point after the progress report time, will be placed in the River Forest Middle School Course Recovery Program. Students will stay after school from 2:45-4:00 (late bus will take students home) and will primarily use the various online educational programs that are available to RFMS students. With the help input of teachers, students attending the course recovery program will have a program geared towards their individual needs and deficits. Students may "recover" their lost point in one of their core classes by attending the after school program with fidelity.

RETENTION

Administration reserves the right to retain a student if they have habitually failed classes, performed poorly on the ISTEP, or has not obtained their core class points.

GRADE POINT AVERAGES

Grade point averages may be compiled each grading period. Grade point averages are used to determine honor roll.

Grade point averages are as follows:

A = 4.0 B = 3.0 C = 2.0 D = 1.0 F = 0.0

GRADING SCALE

The following is the grading scale for all classes:

A+	100% - 99.5%	A	99.4% - 91.5%	A-	91.4% - 89.5%
B+	89.4% - 87.5%	B	87.4% - 81.5%	B-	81.4% - 79.5%
C+	79.4% - 77.5%	C	77.4% - 71.5%	C-	71.4% - 69.5%
D+	69.4% - 67.5%	D	67.4% - 61.5%	D-	61.4% - 59.5%
F	59.4% - 0.0%				

HONOR ROLL

The honor roll is based on the nine week's grades. A student must have a combination of grades equal to a "B" or 3.0 grade point average. Students receiving an "I" or incomplete will not be recognized until the grade has been changed. No student with a "D/F" will be included on the honor roll.

METHODS OF KEEPING TRACK OF GRADES

We also encourage students and parents to keep track of homework and grades throughout the school year by using the following methods:

- Assignments Books/Planner. We encourage students to keep track of assignments and tests by using his/her assignment book. We encourage parents to check the assignment books on a daily basis.
- Record Grades. We encourage students and parents to keep track of all grades for each class. When a teacher returns graded assignments and tests, the student can record his/her score in one column and the points possible in another column. To figure out his/her grade, the student can add up the points for his/her score, and add up the points possible. The student then divides his/her score by the points possible. This will give the student an approximate average.
- Weekly Progress Reports (Fridays Only) A student may pick up a weekly Progress Report in the main office. The student takes this report to all of his classes. The student requests that the teacher writes on the report an approximate grade and whether the student has completed all assignments for the week.
- Harmony Parent Portal. Parents can access students' grades and assignments through the school website and parent portal link. This can only be accessed with the use of student ID and Password.

These methods can be very effective if used consistently. If you would like more information about these strategies, please contact the office.

REPORT CARDS & PROGRESS REPORTS

Report cards are available every nine weeks and progress reports every four to five weeks. Report cards and progress reports may be issued directly to the students during homeroom, may be sent home in the mail, or may be accessed online through the Harmony Parent Portal. The purpose of the progress report is to alert parents of their student's progress prior to report card distribution. Parents are encouraged to call the school if they have not received progress reports, report cards, or if they have a concern about their student.

ATTENDANCE/TARDIES/TRUANCY

ATTENDANCE:

Regular attendance is necessary if a student is to succeed in school. Early identification of attendance problems is essential to assure that students will receive counseling and have every opportunity to solve the problem. It is the purpose of this regulation to stimulate both students and parents to assume the responsibility of maintaining good school attendance. Notification of a student's absence from school is the parent's responsibility. **If a student must be absent, it is the duty of the parent to call the attendance office by 8:30 a.m. the day of the absence and state the reason for the absence.** If prior contact is not possible, the parent or guardian must provide a written excuse on the day the student returns to school. If the absence of the student appears to be questionable or excessive, the school staff will work with the parents to improve their child's attendance. Excessive absences will be reported to the appropriate county agency and a legal alternative may be pursued. The River Forest Middle School number is 962-7551.

20-33-2-14-17 Compulsory attendance exception; these are the only absences that will ever be considered excused and will not show up on the student's attendance record as an *unexcused absence*.

Prior to the date of the election, the student must submit a document signed by one (1) of the student's parents or guardians giving permission to participate in the election as provided in this section, and the student must verify to school authorities the performance of services by submitting a document signed by the candidate, political party chairman, campaign manager, or precinct officer. ATTENDANCE/ABSENCES CONTINUED

Absence is defined as missing the entire day or any part (period) of it for any reason. An hourly and daily record is kept for each student on a semester basis. Students must be present at least during 4th, 5th, 6th, and 7th periods of the day to participate in/attend any extracurricular activity.

WHAT TO DO IF...

You are absent...

Your parent/guardian must call the school by 8:30a.m. on the day of your absence to report your absence. The River Forest Middle School number is 219-962-7551. If a parent calls in for the student, he/she will be considered excused for that day. If no phone call is received, the student's absence is considered unexcused for the day. Without a phone contact an absence can only be excused by bringing a signed note from a parent/guardian upon returning to school. If you have been absent five (5) or more consecutive days, you must bring a note from your doctor. The principal may also request a doctor's note if your absences are considered excessive. A student with 5 (five) or more unexcused absences in a semester will be referred to the Juvenile Court Division for truancy from school.

You are late to school...

RIVER FOREST MIDDLE SCHOOL
PROCEDURES AND DISCIPLINE

STUDENT BEHAVIOR PHILOSOPHY

We believe an attitude of respect and personal responsibility must for the cornerstones for behavior in our school. Actions that are disrespectful or reflect an unwillingness to accept reasonable levels of responsibility, severely detract from the educational process, and will not be tolerated. In addition, it is the responsibility of school administration and staff to maintain an orderly environment wherein all students and staff feel safe. In light of these standards, there are times when it is necessary for school officials to make a decision concerning the acceptability of student's behavior in school or at a school-sponsored activity. Their decision must be based on the welfare of the total school community as well as the individual student. Communication and cooperation between staff members, parents, and students is encouraged in all matters regarding student discipline.

BULLYING

Indiana Law Code 20-33-8-13.5

Bullying will not be tolerated. Bullying is defined as “overt, repeated acts or gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student.” All instances of bullying must be reported to school officials, and an investigation will be made. Punishment will be at the discretion of the administration. Parents and/or law enforcement may be contacted. **Effective July 1, 2013: Indiana House Bill 1423 requires that schools adopt guidelines that establish anti-bullying education and training programs for student and staff. Requires reporting of bullying incidents and requires information be included in the school improvement plan. This legislation greatly expands the scope of when the bullying might fall under school discipline rules. The legislation would now cover acts of bullying “wherever the bullying behaviors occur.” The second area of expansion occurs with the deletion of “a school corporation” language as it relates to the use of computer, system, or network.** Bullying committed by a student toward another student or students is strictly prohibited.

What is bullying

Bullying can take many forms including slurs, rumors, name-calling, jokes, innuendos, demeaning comments, cartoon drawings, pranks, gestures, physical attacks, threats, stalking, physical or other intimidation, hazing, other written or electronic text messages, social media posts, emails, and verbal or physical actions. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

- places the targeted student in reasonable fear of harm to the targeted student’s person or property;
- has a substantially detrimental effect on the targeted student’s physical or mental health;
- has the effect of substantially interfering with the targeted student’s academic performance;
- has the effect of substantially interfering with the targeted student’s ability to participate in or benefit from the services, activities, and privileges provided by the school.

This rule applies regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted student attend Lake Central Schools and extends to bullying through computer, computer system, or a computer network.

Reporting bullying behavior

Students are encouraged to report bullying conduct as soon as possible. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to the Principal. A student or parent may also report the conduct to a teacher or counselor with whom he/ she is comfortable. That teacher or counselor will then relay the report to the Principal. The report may be made anonymously, however the ability of the Principal to investigate and take corrective action may be limited if the person making the report cannot be further questioned. NOTE: All administrators, teachers and other staff members are to immediately report observed instances of bullying and/or information regarding bullying behavior to the Principal.

Investigation of report

The Principal or an administrator designated by the Principal will investigate immediately all such reports of bullying which may include questioning students, staff and others. As information is obtained, the Principal will report to conduct to local law enforcement as appropriate. The parents of the bully and the targeted student(s) will be notified within the week of the receipt of the report of the alleged conduct and then on a periodic basis as to the progress and the findings of the investigation, and of any remedial action that has been taken.

Consequences

Where bullying behavior is substantiated through the investigation, the Principal will take action appropriate to address the bullying conduct and to prevent further bullying, such as disciplinary action including suspension and/or request for expulsion, counseling and follow-up counseling or other support services and education for the students involved, and referral to law enforcement.

False reporting

False reporting of bullying conduct by a student is a violation of this rule and will result in any appropriate disciplinary action or sanctions. False reporting includes a situation when a student makes a report knowing or having reason to believe that the information is not true. It could also be a situation where the reporting student leaves important information out of the report or gives misleading information. A student who makes a report in good faith based on information the student does not know to be false, is not committing false reporting.

APPEARANCE

As students mature and become adults; they will be required to meet definite dress standards for many occupational obligations and social functions. The careful regulation of student dress styles is the responsibility of the school. The student/staff health and safety, common decency, student schoolwork, and school and classroom order are all affected. This basic dress code does not infringe on students' rights of freedom of expression, but rather encourages students to "dress for success" and come to school appropriately prepared to participate in the professional, educational process. Students are expected to observe ordinary standards of good grooming, with attire appropriate and comfortable, but professional and working school atmosphere.

In maintaining with the above philosophy, and in order to decrease misunderstanding, inappropriate school wear may include, but is not limited to:

HOMEWORK POLICY

“Homework” shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school. The School Board acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools in grades one to twelve. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of school or to complete work not completed in class. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.

Homework should help develop the student’s sense of responsibility by providing an opportunity for the exercise of independent work and judgment. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student’s time. As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

Excessive missing assignments will result in disciplinary action.

If a student receives an inordinate number of office referrals for hindering the learning process, they may be presented with a Habitual Offender Student Contract which places the student on probationary status. Any violation of the conditions in the contract may warrant withdrawal as an active member of the middle school student body, detention, Saturday School, ACP, suspension, and/or expulsion.

INDIANA LAW REGARDING SUSPENSION AND/OR EXPULSION

Indiana Code 20-33-8, as well as local school board policy provides all school personnel with the authority to carry out this duty. River Forest School Administration will handle any disciplinary problems that arise which are not specifically cited herein.

The following excerpts are quoted from Indiana Code 20-33-8.

I.C. 20-33-8-9: Disciplinary powers of teachers and school staff members

20-33-8-8 School Discipline

- (b) In all matters relating to the discipline and conduct of students, School Corporation personnel:
- (1) stand in the relation of parents to the students of the school corporation; and
 - (2) have the right to take any disciplinary action necessary to promote student conduct that conforms to an orderly and effective educational system...
- (c) Students must:
- (1) follow responsible directions of school personnel in all educational settings; and
 - (2) refrain from disruptive behavior that interferes with the education environment.

20-33-8-14 Grounds for Suspension or Expulsion

- (a) The following are the ground for student suspension or expulsion, subject to the procedural requirements of this chapter and as stated by school corporation rules
- (1) Student misconduct
 - (2) Substantial disobedience
- (b) The grounds for suspension or expulsion listed in subsection (a) apply when a student is:
- (1) On school grounds immediately before or during school hours, or immediately after school hours, or at any other time when the school is being used by a school group;
 - (2) Off school grounds at a school activity, function, or event; or
 - (3) Traveling to or from school or school activity, function, or event

20-33-8-15 Unlawful Conduct

In addition to the grounds specified in IC 20-33-8-14, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if:

- (1) the unlawful activity may reasonably be considered to be an interference with school purposes or an education function; or
- (2) the student's removal is necessary to restore order to protect persons on school property; including an unlawful activity during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions.

20-33-18 Due Process

Students will be afforded the basic rights of due process. That is, in any suspension or expulsion proceeding, the charges against the student will be stated, a summary of the evidence against the student will be provided, and an opportunity for the student to explain his/her conduct will be granted.

COUNSELING SERVICES

A home school coordinator is available to counsel students who are referred by teachers, staff, parents, or other students. Additionally, a student may request to see a counselor. The counselor will make every attempt to see the student in a timely manner.

The counselor provides brief counseling services for students in the following areas: educational, vocational, social and emotional. Students may request to see the counselor. Students will need to get a pass from his/her teacher. Teachers or staff, parents, or other students may also refer students to the counselors. Typically the counselor attempts to help the student define the problem and discuss possible solutions to resolving the problem. The counselor also attempts to help the student develop coping strategies to deal with stress the student is experiencing.

In a situation where the counselor determines that a student needs additional counseling because of suicidal comments, self-injurious behaviors, plans to hurt others in the school, etc., the counselor or the principal will contact the parent. The parent may be asked to pick up his/her child at school, or the counselor may suggest that the student be referred for mental health counseling. In these situations, we hope the parent will cooperate with the recommendations given. **We all need to take mental health issues seriously.**

GRADES: OTHER METHODS OF KEEPING TRACK OF

We also encourage students and parents to keep track of homework and grades throughout the school year by using the following methods:

- 1.) Assignments Books/Planner. We encourage students to keep track of assignments and tests by using his/her assignment book. We encourage parents to check the assignment books on a daily basis.
- 2.) Record Grades. We encourage students to keep track of ALL grades for each class. When a teacher returns graded assignments and tests, the student can record his/her score in one column and the points possible in another column. To figure out his/her grade, the student can add up the points for his/her score, and add up the points possible. The student then divides his/her score by the points possible. This will give the student an approximate average.
- 3.) Weekly Progress Reports (Fridays Only) A student may pick up a weekly Progress Report in the main office. The student takes this report to all of his classes. The student requests that the teacher writes on the report an approximate grade and whether the student has completed all assignments for the week.
- 4.) Harmony Parent Portal. Parents can access students grades and assignments the school website and parent portal link. This can only be accessed with the use of student ID and Password.

These methods can be very effective if used consistently. If you would like to more information about these strategies, please contact one of the counselors

The medication must be in the original container and labeled with the student's name. All non-prescription medication will be stored in the health room.
- 8. Parents/guardians are responsible for bringing all medication to school and for retrieving the medication from school. Medication may not be transported on the school bus.¹⁰
- 9. A student returning to school after being under a doctor's care must submit a note of fitness to return from the student's doctor.
- 10. A student in need of special accommodations (i.e., the use of crutches due to injury) must submit a doctor's note indicating the accommodation and the length of time the accommodation will be needed.
- **REMEMBER: Students are not allowed to transport medications to school unless they meet the conditions in Item #3 above. The school will not supply medication to students.**

Illness/Accident/Injury

- If a student is injured or becomes ill at school, the child will be cared for temporarily by school personnel. If a student is ill, he/she is **not permitted to use the telephone in the classroom or to use his/her cell phone to call home.** *If the illness or injury is serious, the parents/guardians will be notified by school personnel.* If parents/guardians are unavailable, those listed as emergency contacts will be notified. School personnel will render first aid only. If school personnel deem it necessary, paramedics will be called. **NOTE: The school corporation is not responsible for expenses incurred as a result of an illness, accident, or injury.**

HEPATITIS B - STUDENT TO STUDENT CONTACT

- It is the intent of the Board of Education to protect employees and children to the greatest extent possible when dealing with situations where it may be possible for a person(s) to come in contact with substances carrying infectious disease(s).
- A communicable disease board policy is in effect and is obtainable on request from the central or school offices. Students are requested to report all injuries to an adult supervisor immediately. If a child should come in contact with blood, a notice will be sent home to the parent. In the instance of a student accident or illness, including: and not limited to a cut, bloody nose, vomiting where there is blood or a body fluid spill present, as an injured student or a student who is assisting, you should immediately get help from an adult in that area. As a student assisting another student please try to refrain from coming in contact with the "spill". If you come in contact with the body fluid, report to the office immediately so they may assist you. ISDH requires hepatitis B vaccines for all students.

HEAD LICE

The school nurse, nurse assistant, and possible volunteers will perform routine head lice checks at Evans Elementary, Meister Elementary, and the River Forest Middle School two (2) to three (3) times a year. In addition, when there is suspicion of, or a student is reported to have head lice, that student will be checked.

Any student found to have head lice will be sent home **IMMEDIATELY**. Attempts will be made to notify the parent/guardian. If the parent or guardian is not available, a person on the emergency list will be notified. **NO STUDENT FOUND WITH HEAD LICE WILL BE PERMITTED TO RIDE THE SCHOOL BUS HOME OR TO SCHOOL UNTIL CLEARED FROM THE NURSE OR NURSE ASSISTANT.**

A student must be Lice/Nit FREE in order to return to school. The parent/guardian must return with the student and **wait for the student** to be checked by the school nurse or nurse assistant. This way, if the student is not cleared, he/she has a way to return home. The school nurse or nurse assistant is not required to remove the nits nor will the parents remove the nits in the nurse's office. If a student has a Doctor's note to return to school, he/she must still be checked by the nurse or nurse assistant.

HEALTH REFERRALS/RELEASES

Students injured or sick at home **before arriving** to school should be treated by their parent(s)/guardian.

If a student becomes ill during the school day, the student must request permission from the teacher to go to the nurse's office. Then the teacher will provide a health referral to the student. (The student is not to come between classes unless there is an emergency.) The student will be given a copy of the health referral and is responsible for giving it to their parent/guardian. In the case where the school nurse or nurse assistant is not available, the student is to report to the main office, where the principal or principal's designee will assist the student. During the school day, it may be necessary for the student to go home in the best interest of his/her health and that of the school.

The nurse, nurse assistant, or office designee will decide whether the student should be sent home. If there is a necessity to go home, the nurse, nurse assistant, or office designee will inform the parent/guardian. When the parent/guardian is not available, the person on the emergency list will be contacted. The parent/guardian/or emergency person will then sign the "Sign-Out-Sheet" in the main office before leaving the building. Students are not allowed to drive home unless parental/guardian permission is obtained. Students are not allowed to call home when they are ill without permission of the nurse/nurse assistant or office designee. The student who fails to follow procedure and leaves without properly checking out will be given an unexcused absence for classes missed and may be subject to disciplinary action. Students who remain in restrooms claiming illness are considered truant. Should a student become ill in the restroom, he/she should have someone notify the office for help.

ILLNESS

Students will be sent home if needed when they become sick at school. If a child becomes ill with a fever of one hundred (100) degrees or greater or has a possible contagious condition the parent or the emergency contact must pick the child up from school. The student must be signed out in the main office. For safety reasons, students cannot walk home alone.

Students will be allowed to return to school when they have been fever free without the use of fever reducing medication for twenty-four (24) hours. If the student is sent home with vomiting and diarrhea, they must be free of all symptoms for twenty-four (24) hours, or they must submit a note from their physician stating that they are not contagious.

After absence due to illness, a parent note is required. Five or more consecutive days of absences may require a doctor's release for return to school/school activities. When your child is hospitalized, a discharge form from the hospital or a doctor's release must be submitted to the office.

IMMUNIZATIONS

When a student enrolls in school for the first time or any subsequent time and at any level, the parent/guardian must show that the student has received required immunizations or must provide a current religious or medical contraindication waiver. Religious objection waivers must be signed at the beginning of **EACH** school year by a parent/guardian. A physician must sign a medical contraindication waiver **EACH** school year.

Current immunization requirements may be obtained at the Indiana State Department of Health website, the River Forest Community School Corporation website, the local health department or school nurse's office.

Failure to comply with immunization procedure may result in student exclusion.

MEDICATION POLICY

Whenever possible, the parent should give medications at home. **No prescriptive and/or non-prescriptive medication shall be administered to a student without the written and dated consent of the student's parent/guardian.** The consent of the parent shall be valid only for the period specified on the consent form and in no case longer than the current school year. Any medications permitted to be carried on a student by the nurse will be given a sticker that must be securely and visibly adhered.

All prescription medicine, including injectable medicine and all blood glucose tests by finger prick to be administered to a student must be accompanied by a physician's prescription or a copy of the original prescription. This request must be signed and dated by the physician and parent.

All non-prescriptive medicine for a student's use in school must be accompanied by a written request from the parent or guardian, or a parent/guardian may fill out an authorization for non-prescriptive medicine available in the nurse's or main office. This request must be signed and dated.

If the medication is to be terminated before the date on the prescription or before the end of the school year, the written and dated consent or withdrawal of consent of the parent/guardian is required. The written consent of the parent/guardian and written order of the physician shall be kept on file.

No student shall be allowed to keep prescriptive and/or non-prescriptive medicine at school. If for some circumstance the physician wants the student to carry the medicine in his/her possession, a note from the physician will be required. The note must state that he/she has to carry the medicine and the reason.

Medication forms are available in the nurse's office or online at the River Forest Community School Corporation website.

STEPS:

- All non-prescriptive or prescriptive medications are to be kept in the original container. Non-prescriptive medicine must have the child's name on it. The label must coincide with the physician's order or parent's consent at all times. All medication must have the name and dosage of the medication, the amount, and the time to be administered.
- If a student reports that he or she forgot to take his or her medicine before coming to school, no make-up dosage shall be given to the child until the parent has been contacted. Then the next dosage will be adjusted. This will only be done for students who have medication on file. The parent may need to come to the school to dispense the medicine.
- If the student forgets to come to get their medication at the scheduled time, the medication will be dispensed no later than a half (1/2) hour after the scheduled time.

- Medication may be dispensed half hour earlier than the scheduled time if lunch is adjusted due to an assembly, field trip, or conference, etc.
- If the medication is not retrieved by the end of the school year, the medication will be discarded.
- Any change in medication must be accompanied by a parent note for non-prescriptive medication or by an order from the physician for prescribed medication.
- The nurse, nurse assistant, principal or principal's designee **cannot accept verbal permission** to administer a non-prescriptive medication.

MEDICAL RECORDS

Each student's medical records are computerized. These records consist of a student's medical history including, but not limited to, special alert/needs, immunizations, allergies, and medications. Principals, teachers, and support staff have access to these computerized records. Due to the nature of confidentiality, if you do not want your child's medical records accessible, the school needs to be informed in writing immediately.

The schools are reporting immunization data electronically through the use of the immunization data registry. All schools reporting to ISDH will be using C.H.I.R.P. C.H.I.R.P. is the Indiana State Department of Health's Children and Hoosier Immunization Registry Program.

The Federal Education Rights Privacy Act (FERPA) requires parental consent to release immunization information from the school to the Indiana Immunization registry. River Forest Community School Corporation needs a permission slip for all our students' preschool and K-12. The form needs to be signed only once when the student enrolls in our corporation.

As required by Indiana Code 20-34-4-3

a school that enrolls grade 6 female students shall provide each parent of a female student who is entering grade 6 with information prescribed by the state department of health under subsection (c) concerning the link between cervical cancer and the human papillomavirus (HPV) infection and that an immunization against the human papillomavirus (HPV) infection is available.

As required by Indiana Code 20-34-4-5.5, the parent/guardian of the grade 6 female student must check one of the responses on the letter that will be sent home. The letter must be returned to the school by the stated deadline.

MENINGOCOCCAL DISEASE

Meningococcal disease or meningitis is an infection of the fluid of a person's spinal cord and the fluid that surrounds the brain. People sometimes refer to it as spinal meningitis. Meningitis is usually caused by a viral or bacterial infection. Viral meningitis is generally less severe and resolves without specific treatment, while bacterial meningitis can be quite severe and may result in brain damage, hearing loss, or learning disability.

Common signs and symptoms of meningitis are high fever, headache, and stiff neck in anyone over the age of two (2) years. These symptoms can develop over several hours, or they may take one (1) to two (2) days. Other symptoms may include nausea, vomiting, and discomfort looking into bright lights, confusion, and sleepiness. In newborns and small infants, the classic symptoms of fever, headache and neck stiffness may be absent or difficult to detect, and the infant may only appear slow or inactive or be irritable, have vomiting, or be feeding poorly. As the disease progresses, persons of any age may have seizures.

Some forms of bacterial meningitis are contagious. The bacteria are spread through the exchange of respiratory and throat secretions such as in coughing or kissing. They are not spread by casual contact or by simply breathing the air where a person with meningitis has been. Viral meningitis can spread through fecal contamination (such as in changing diapers) or respiratory secretions.

Bacterial meningitis can be treated with a number of effective antibiotics. It is important, however; that treatment be started early in the course of the disease. If symptoms occur the person should see a doctor immediately. The diagnosis is usually made by a sample of spinal fluid through performing a spinal tap.

The most effective way to protect you and your child against certain types of bacterial meningitis is to **complete the recommended vaccine schedule.** There are vaccines for three types of bacteria that can cause meningitis: *Neisseria meningitidis* (meningococcal), *Streptococcus pneumoniae* (pneumococcus), and *Haemophilus influenzae* type b (Hib).

You may obtain additional information and vaccinations for children from the state or local health departments as well as your physician. **Please contact your health care provider for specific instructions regarding your health.**
