

Spring 2015 ISTEP+ Part 1 Test Schedule
Online and Paper-and-Pencil
Maximum Test Times

Schools have the flexibility to determine local testing schedules during the 2-3 week Test Window. For example, a school may choose to give one test session per day.

The number of minutes per test session is set to make sure students do not feel rushed. If all students in the class finish before the end of the test session, the teacher may call "time" and end the test session early.

For Mathematics and English/Language Arts, students participate in the test sessions that represent "Form 1" or "Form 2" only. Form 1 sessions are highlighted below in yellow; Form 2 sessions are highlighted in blue. All students in grades 4 and 6 participate in the Science test.
